Next EUROVENTSUMMIT to take place in 2022

Concrete dates to be announced later in the year

Antalya, Brussels, 25 May 2021. The ongoing COVID-19 outbreak already forced the postponement of the upcoming EUROVENTSUMMIT from September 2020 to October 2021. After carefully evaluating the situation, the organisers have decided that the Summit will be further postponed to 2022.

Although postponed to 2022, the next edition of the **EUROVENTSUMMIT** is still scheduled to take place in Antalya, Turkey. Concrete dates will be announced later this year.

Naci Sahin, outgoing Eurovent President and representative of the local Member Association and Summit co-organiser ISKID, stated: "While this was not an easy decision to make, the health and safety of the participants is our number one priority. We believe that moving the event to 2022 is an opportunity rather than a setback. Seeing the increasing vaccination rates and the world slowly waking up and going back to normal, we are hopeful that further postponing the event will allow us to host a full-scale **EUROVENTSUMMIT** with all its features and perks."

For the latest updates, stay tuned via www.eurovent-summit.eu and our [LinkedIn page](#), following the hashtag **#BuildingBridges**. The Summit organisation Team remains at your disposal for inquiries via andrea.gasparova@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
