Eneko becomes newest Eurovent member

Brussels, Izmir, 21 September 2022. Eurovent extends its welcome to Eneko as a Corresponding Member. With this newest member, the Eurovent family expands by one of Türkiye's leading manufacturers in ventilation and air conditioning.

Eneko was established in 2004 with its headquarters in Izmir, Türkiye, with focus on producing high efficiency ventilation and air conditioning devices, consisting also of a test laboratory which conducts internal and external leakage, pressure and thermodynamic tests. Eneko was formally approved to join the Eurovent family during the meeting of the Eurovent Board of Directors which took place on Monday 19 September at its Head Office in Brussels, Belgium.

Following the approval of the membership, Mr Alper Mete Genc, R&D Project Engineer at Eneko, stated: "Our acceptance as Corresponding Member into the Eurovent family will bring a new vision to our company. With some of our products being Eurovent certified, Eneko will not only be part of Eurovent certification but also an organisation that contributes to the Eurovent family. Sharing mutual knowledge and experience will increase the value of both sides. I would like to thank all my managers and colleagues who contributed to our being a part of Eurovent."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
