BDR Thermea becomes Eurovent's newest member

Brussels, Apeldorn, 21 November 2023. BDR Thermea Group, a manufacturer of HVAC equipment and solutions for the commercial and residential sectors, has recently joined Eurovent as one of the association's newest Corresponding Members.

BDR Thermea Group is a manufacturer and distributor of domestic and commercial water and space heating systems and provider for residential and commercial buildings of Heat pumps and hydrogen boilers. It is one of the leading global players with market-leading brands focusing on smart thermal comfort solutions with a near-zero carbon footprint to building owners and users.

Mr Jon Cockburn, Marketing and Product Management Manager at BDR Thermea Group, expressed that: "Being a member of Eurovent allows us to be part of the leading voice in the HVAC industry. This partnership is a strong commitment that we already started few years ago with one of our brands, and now extended to the whole group. Our high-quality expectations on our products were one of the reasons why we have decided to be an active member. We are really pleased to be part of the Eurovent environment and are ready to continue to take the path forward and ahead through the energy transition."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
