## **Sonniger strengthens Eurovent's Polish member base**

**Brussels, Gdynia, 23 November 2023. The Eurovent Board has announced Sonniger, a manufacturer of heating and ventilation units, as the association's newest member. The Poland-based manufacturer will reinforce Eurovent's air curtain and fan heater activities.**

Sonniger is a supplier of eco-friendly and optimally selected units for industrial heating market, with its headquarters in Gdynia, Poland, and available in 55 other countries globally. The company specialises in commercial ventilation, industrial ventilation, and is a manufacturer of heating and ventilation units.

Mr Przemyslaw Jeczek, Technical Director at Sonniger, stated: "We are shaping the world by changing stereotypes in the industrial sector. One of the key stages of economy and ecology within our industry is intelligent system management with algorithms that ensure that HVAC equipment operates in symbiosis. In these processes, the investor saves, and we safeguard the future of our generations. Henceforth, we believe that by joining Eurovent, we can be successful in this drive to an eco-friendly industrial environment."

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
