STAKEHOLDER MEETINGS AND  
CONSULTATION FORUMS

12

EVENTS

...and visited 12 of you, our members.

# INTERNATIONAL

We signed a memorandum of understanding with AMCA to develop and maintain mutually beneficial relationships in support of the fan industry.

Our chapter Eurovent Middle East has launched its long-awaited HVACR Leadership Academy and completed its first course on AHUs. The chapter has been recognised by regulatory bodies all throughout the GCC, invited by UNEP to partner on several occasions, including COP28, and overall seen a heightened interest from the industry and other key stakeholders.

Our new Working Group Eurovent India has set off at a great pace, organising multiple technical meetings and two very successful consultant events with Energy Efficiency and Indoor Air Quality in focus.

# THANK YOU

our members, partners and friends for yet another successful year in the history of Eurovent. We wish you a peaceful holiday season, and a prosperous New Year!
