## **Panasonic becomes Eurovent's newest member**

**Brussels, Wiesbaden, 21 May 2024. The Eurovent Board of Directors has formally approved Panasonic Heating and Cooling Solutions as the newest Eurovent Corresponding Member during its online meeting on 29 April 2024.**

Panasonic, one of the leaders in the heating and cooling sector with more than 60 years of experience, offers cutting-edge solutions designed to optimise comfort and efficiency in residential, commercial, and industrial spaces across the continent, with a focus on innovation and sustainability. Panasonic delivers a diverse range of heating and cooling products tailored to meet the unique needs of European customers, including high-performance air conditioning systems, air-to-water and air-to-air heat pumps, ventilation solutions and more all built to the highest standards of quality and reliability. Additionally, Panasonic produces advanced refrigeration units to further cater to the diverse needs of its customers.

Mr Sebastian Merino, Senior Quality Manager at Panasonic Heating and Cooling Solutions, remarked: "We are deeply honoured by our acceptance into Eurovent. This milestone reflects our enduring commitment to excellence and collaboration within the HVAC industry. We eagerly anticipate the opportunities this membership will bring to contribute to the HVAC community's collective success."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at [www.eurovent.eu](http://www.eurovent.eu). In case of any questions, contact the Eurovent Team via [secretariat@eurovent.eu](mailto:secretariat@eurovent.eu).

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
