Eurovent welcomes TÜV SÜD as a new member

Brussels, Olching, 10 October 2023. TÜV SÜD Industrie Service, an independent technical testing organisation has been approved to join Eurovent as Associate Member. With this newest member, the Eurovent family grows by one of the leading testing organisations.

TÜV SÜD is one of the leading international service providers for testing, inspection and certification. TÜV SÜD Industrie Service's centre of competence for refrigeration and air conditioning provides function and performance testing, thermodynamic assessments and measurements of sound emissions. Moreover, as a BTL-recognized BACnet testing laboratory, it can test all components of building automation systems for their BACnet conformity.

Following the approval of the membership, Mr Heiko Mirring, Head of Laboratory at TÜV SÜD Industrie Service stated that: "Our accredited laboratory is dedicated to the highest standards of quality in the field of refrigeration and air conditioning, and we believe that joining Eurovent would be a valuable step forward for our organisation.

We believe that Eurovent is the right platform for TÜV SÜD to thrive and contribute to the HVACR sector's growth. We are looking forward to being part of this esteemed association and working closely with its members to advance the industry's collective goals".

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
