Eurovent membership base expands as MANDIK joins

Brussels, Hostomice, 15 February 2023. Eurovent warmly welcomes MANDIK as a Corresponding Member. MANDIK is one of Czechia's leading manufacturers of air handling units, industrial heating systems and firefighting components.

The family-owned company MANDIK, founded in 1990, supplies its products beyond standard applications such as healthcare buildings, gigafactories, various industries, as well as for construction projects such as subways, tunnels and especially nuclear power plants in many European countries. With MANDIK's membership approval, Eurovent keeps growing, combining the knowledge and expertise of market leaders from all segments in the HVACR sector.

Following its membership approval, Mr Jan Mican, CEO of MANDIK mentioned: "I am delighted with the acceptance of our company among the world's major HVACR equipment manufacturers. We can thus link our very good experience in the field of HVAC and be fully part of the Eurovent world. Thanks to our addition to the association, to the constant flow of information and to the possibility to participate in the overall development of Eurovent, we can continuously improve what we do and what we bring to our customers.

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
