Eurovent welcomes TÜV NORD as newest member

Brussels, Essen, 26 March 2024. The Eurovent Board has welcomed TÜV NORD as its newest Associate Member. The membership approval makes it Eurovent's eleventh Associate Member, reinforcing the association's membership base.

TÜV NORD is a technical service provider with worldwide activities in validating the safety of products and services in product inspection, testing and certification. Founded in 1869 and headquartered in Hanover, the group employs more than 14.000 people in most key markets all over the world. It operates a certified management system in accordance with the standards ISO 9001 for quality management.

Dr. Timo Reisner, Laboratory Management & Development at TÜV NORD, stated: "With our associate membership, we're looking forward to becoming part of this unique network of experts, exchanging ideas with them, getting involved, sharing our knowledge and benefiting from that of others."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at www.eurovent.eu. In case of any questions, contact the Eurovent Team via secretariat@eurovent.eu.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
