## Uwe Sigloch elected as the new PG-FANS Chairperson

**Brussels, 11 April 2024. Uwe Sigloch (Vice President Global Product Management, ebm-papst) was elected as the new Chairperson of the Eurovent Product Group 'Fan Technology' (PG-FANS), during the group's recent meeting on 21 March 2024 in Warsaw.**

Uwe Sigloch has several years of experience in the Eurovent Product Group 'Fan Technology' where he previously held the position of Vice-Chairperson since 2014. He will solemnly take up the role for the next two years as the only Chairperson, as the group currently has a vacant position for a Vice-Chairperson. The group participants have reviewed their support and trustworthiness by electing Uwe for the Chairperson position which had been vacant in the previous term.

Mr Sigloch stated that: "It is an honour that the group participants have trusted me to take up the position of the group's Chairperson for the next term. The Product Group 'Fan Technology' is the contact point for the European fan industry. With our work, we want to support the interests of manufacturers, particularly in the wide area of sustainability regulations. We also seek to work closely with the users of fans to facilitate the efficient operation of fans in a wide range of applications."

The Eurovent Product Group 'Fan Technology' is home to European manufacturers of fans, industrial fans, fan units, dryers and related components. The Group's key tasks are advocacy of European and national legislation, EN, ISO and Eurovent standard development, promotion of the industry and export initiatives.

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
