## ZIEHL-ABEGG joins Eurovent as a new member

**Brussels, Kuenzelsau, 25 March 2025. Eurovent is proud to announce that ZIEHL-ABEGG, one of the global leaders in fan and motor technology, has joined Eurovent as a new Corresponding Member.**

ZIEHL-ABEGG, headquartered in Kuenzelsau, Germany, is one of the leading manufacturers of technologically advanced products in ventilation, air conditioning, refrigeration, and drive technology. With a commitment to energy efficiency and sustainability, ZIEHL-ABEGG's innovative solutions are recognised globally across various industries, including commercial and industrial buildings, automotive, and infrastructure. With a strong track record of innovation and a commitment to energy efficiency, ZIEHL-ABEGG's membership in Eurovent strengthens the association's efforts to drive sustainable and cutting-edge solutions across Europe's HVACR sector.

Juergen Albig, Global President of Product Unit Ventilation at ZIEHL-ABEGG, stated: "We are proud to be Eurovent's newest member. We are committed to supporting Eurovent's strong voice in positively impacting the industry and addressing upcoming challenges. We are deeply honoured to be welcomed into the Eurovent family!"

## About Eurovent

Eurovent is the voice of the European HVACR industry, representing over 100 companies directly and more than 1.000 indirectly through our 16 national associations. The majority are small and medium-sized companies that manufacture indoor climate, process cooling, and cold chain technologies across more than 350 manufacturing sites in Europe. They generate a combined annual turnover of more than 30 billion EUR and employ over 150.000 Europeans in good quality tech jobs.

### Mission

Eurovent's mission is to bring together HVACR technology providers to collaborate with policymakers and other stakeholders towards conditions that foster fair competition, innovation, and sustainable growth for the European HVACR industry.

### Vision

Eurovent's vision is an innovative and competitive European HVACR industry that enables sustainable development in Europe and globally, which works for people, businesses, and the environment.
