RECUTECH announced as Headline Sponsor of Eurovent Summit

Brussels, Pardubice, 27 March 2025 – RECUTECH, a global innovation leader in energy recovery technologies based in the Czech Republic, has been announced as the Platinum Sponsor and Sustainability Partner of the 2025 Eurovent Summit.

[RECUTECH](#) produces a wide range of Eurovent-certified heat exchangers – including aluminium, plastic, enthalpy, and rotary types – up to market-leading large sizes. Since its founding in 2007, the company has grown into a global player, operating 15,000 m² of advanced production space and delivering up to 150,000 units annually.

Filip Hazuka, CEO of RECUTECH, commented: “With the Summit taking place in our home country, we’re proud to support it as Platinum Sponsor. Our close to 150 employees embody #ManufacturingForTomorrow every day. We strongly believe that quality and reliability drive success, which we also underscore by offering the Eurovent-certified products across our entire portfolio. We look forward to showcasing our innovations and large-scale facilities to guests from around the globe in September.”

Francesco Scuderi, Secretary General of Eurovent, added: “Choosing Prague as host city reflects how sustainable manufacturing strengthens the global competitiveness of European HVACR. RECUTECH, a long-term Eurovent member, and its sponsorship reinforces cooperation across Czech, European, and international industries and helps foster dialogue on legislation, exports, and future opportunities.”

RECUTECH will offer Summit participants exclusive guided tours of its megafactory in Pardubice before or after the event, with transfers provided. These can be booked together with the Summit pass. The Eurovent Summit will also feature seminars on sustainability and circularity, as well as evening networking events bringing together hundreds of key stakeholders from across the HVACR sector.

When & Where

The 2025 **EUROVENTSUMMIT** will take place from 24 to 26 September 2025 at the [Vienna House by Wyndham Diplomat Prague](#), near the city centre of Prague, Czechia. All meetings will take place at the hotel. Selected evening events will take place at external venues. All participants receive beneficial rates when booking their hotel rooms through [this reservation link](#).

Join Eurovent, Eurovent Certification and Eurovent Market Intelligence at the next **EUROVENTSUMMIT** to shape the future of HVACR manufacturing and sustainability. Let’s build a more sustainable and competitive tomorrow together!

If you are interested in sponsoring the 2025 **EUROVENTSUMMIT**, contact the Summit organisation Team via andrea.gasparova@eurovent.eu. For the latest updates, stay tuned via www.eurovent-summit.eu and our [LinkedIn page](#), following the hashtag **#ManufacturingForTomorrow**.

About 2025 EUROVENTSUMMIT

The theme of 2025 **EUROVENTSUMMIT**, **#ManufacturingForTomorrow**, highlights the importance of circularity and sustainability in the HVACR industry. It emphasises our industry's commitment to measure and manage its environmental impacts, paving the way for a more sustainable future. Taking place in Prague, Europe's manufacturing heartland, the Summit's choice of venue underscores how sustainability and green tech manufacturing enhance the global competitiveness of our European HVACR industry.

Join 300+ key HVACR stakeholders at the 2025 **EUROVENTSUMMIT** in Prague and play a pivotal role in shaping the future of HVACR manufacturing and sustainability.

About us

Eurovent

[Eurovent](#) is the voice of the European HVACR industry, representing over 100 companies directly and more than 1.000 indirectly through our 16 national associations. The majority are small and medium-sized companies that manufacture indoor climate, process cooling, and cold chain technologies across more than 350 manufacturing sites in Europe. They generate a combined annual turnover of more than 30 billion EUR and employ over 150.000 Europeans in good quality tech jobs.

Eurovent Certification

[Eurovent Certification](#) is the leading European certification body providing voluntary 3rd party HVACR product certification, offering a one-stop service. It certifies product performance according to European and International standards, for a full range of residential and industrial HVACR products. 3rd party certification enhances customer confidence, levels the competitive playing field for all manufacturers and ensures accurate performance ratings.

Eurovent Market Intelligence

[Eurovent Market Intelligence](#) is the European statistics office for the HVACR market. Since 1994, It has been a trusted partner for over 500 manufacturers (current number), providing confidential market data. It maps sales across Europe, the Middle East, and Africa, offering annual and quarterly reports, trends, and forecasts, detailed information on the sold equipment (technology, capacity, etc.) and country-specific analysis.
