## **Eurovent welcomes first member from Latvia**

### **Europe's HVACR association extends its reach in the Baltics**

**Brussels, Riga, 19 October 2021. Eurovent welcomes Europlast, Latvian manufacturer of ventilation systems and accessories, as its newest Corresponding Member. Europlast has officially become the first-ever Eurovent member from Latvia; further expanding the association's footprint throughout Europe.**

Established in 1998, Europlast is one of the biggest producers of ventilation systems and accessories in the Baltic countries. With its manufacturing line based in Latvia, Europlast produces high-quality, safe and functional products, and unique design solutions under reliable conditions of cooperation. Its main markets consist of Africa, Baltics, CIS, EU, Scandinavia and USA.

Europlast's portfolio of a wide range of ventilation products includes, among others, exhaust fans, plastic grilles, metal grilles, diffusers, fitting elements, fireplace grilles, anodised/painted aluminium ventilation grilles, rectangular and round plastic systems, air ducts, round metal systems, and control hatches.

Following the formal membership approval, Mr Gatis Skuditis, Head of Europlast's Export Department, stated: "It is an honour to join the major European HVACR association. Together with Eurovent, we aim to increase awareness of relevant European Union legislation within the Latvian industry. We look forward to working together with like-minded European players from the Eurovent family."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at [www.eurovent.eu](http://www.eurovent.eu). In case of any questions, contact the Eurovent Team via [secretariat@eurovent.eu](mailto:secretariat@eurovent.eu).

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
