## Koja Group becomes Eurovent's newest member

**Brussels, Tampere, 20 June 2023. Koja Group has formally joined Eurovent as a Corresponding Member. With this newest member, the Eurovent family grows by one of Finland's leading manufacturers in HVAC technology and industrial fan solutions.**

Koja Group offers energy efficient HVAC technology for marine and buildings, as well as fan solutions for industrial applications. Founded in 1935, the family-owned company creates intelligent and innovative technology efficiently and safely, with the aim of helping its customers achieve their own energy efficiency and environmental goals. The company's own design, product development, production and comprehensive life cycle services guarantee a reliable partnership throughout the product life cycle. Koja Group consists of the parent company Koja Group Ltd., Koja Ltd and Chiller Oy, as well as their subsidiaries and operations in Finland, Sweden and USA.

Following the approval of the membership, Mr Taneli Timlin, Chief Technology Officer, Buildings at Koja, mentioned: "We are excited to be a part of the Eurovent family together with other members of this industry. The membership will help us to ensure that our high-quality products and solutions meet the future requirements well in advance. We look forward to contributing to the Eurovent activities."

Is your organisation interested in becoming a member of our globally known industry association? All relevant information is available at [www.eurovent.eu](http://www.eurovent.eu). In case of any questions, contact the Eurovent Team via [secretariat@eurovent.eu](mailto:secretariat@eurovent.eu).

## About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

## Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
