WIKA supports 2022 Eurovent Summit

Brussels, Hitzkirch, 18 October 2022. A global measurement and controlling devices manufacturer has become an official sponsor of the 2022 Eurovent Summit, which takes place from 25 to 28 October 2022 in Antalya, Türkiye.

WIKA, a family-run business founded in 1946 and active globally, is a manufacturer and supplier of industrial measurement technology including measuring instruments for HVAC applications for pressure, temperature, humidity and air quality. It also sets the standards in the measurement of level, force and flow, and calibration technology.

Mr Marcel Frei, Vice President OEM Sales EMEA at WIK

A, stated: "On behalf of WIKA, we are humbled to become a sponsor of the 2022 Eurovent Summit. We look forward to the Summit which will give WIKA and other manufacturers the opportunity to discuss matters of great concern in the HVACR such as legislations and standardisations. It will further provide a platform for creating partnerships and important engagement with other associations and consultants beyond the European borders."

This year's **EUROVENTSUMMIT** is co-organised with ISKID, the Turkish Air Conditioning and Refrigeration Manufacturers' Association. It aims at **#BuildingBridges** between manufacturers and consultants, planners, installers, trade associations and policy makers, between Europe, the East and beyond, towards more sustainable and circular products, and towards more socially and environmentally responsible industry.

Highlights include the Eurovent Innovation/HUB, a rich seminar programme focused on both ventilation and refrigeration organised by ISKID and TTMD (Turkish Society of HVAC and Sanitary Engineers) in English and Turkish and an interactive policy panel on the first night, which will build bridges between many different stakeholders in the industry. Stay tuned for updates on the speakers and soon to be launched registration via www.eurovent-summit.eu and the Eurovent LinkedIn page.

About Eurovent

Eurovent is Europe's Industry Association for Indoor Climate (HVAC), Process Cooling, and Food Cold Chain Technologies. Its members from throughout Europe represent more than 1.000 organisations, the majority small and medium-sized manufacturers. Based on objective and verifiable data, these account for a combined annual turnover of more than 30bn EUR, employing around 150.000 people within the association's geographic area. This makes Eurovent one of the largest cross-regional industry committees of its kind. The organisation's activities are based on highly valued democratic decision-making principles, ensuring a level playing field for the entire industry independent from organisation sizes or membership fees.

Our Member Associations

Our Member Associations are major national sector associations from Europe that represent manufacturers in the area of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation technologies.

The more than 1.000 manufacturers within our network (Eurovent 'Affiliated Manufacturers' and 'Corresponding Members') are represented in Eurovent activities in a democratic and transparent manner.
